

“ When I looked at it, it reminded me of how larger packages should be tailored for small businesses. It has wider functionality, it’s a total business support package and it’s extremely good value for money.

– Accountancy Age Awards jury, November 2004

Mamut Enterprise compared to traditional accounting systems:

THE BEST CHOICE FOR SMALL BUSINESSES:

1 All inclusive business solution

With Mamut you only need one system to accomplish all your business's tasks, leading to increased efficiency, less costs, better customer service and improved results.

2 Focus on your business

The time when you and your colleagues needed to have four different systems to do your accounts, invoicing, manage customers and maintain your company's web site has passed. Mamut Enterprise is an all inclusive business solution including accounting, customer and supplier ledger, invoicing, purchase order processing, stock management and logistics, project and quotes management, customer care (CRM) and web site/e-commerce in one seamlessly integrated solution.

3 Excellent value for your money

Mamut's products range is rich in functionality and is offered at an extremely competitive price for all business sizes.

4 90,000 users in Europe

Founded in 1994, Mamut is a leading Northern European provider of complete solutions for small businesses. More than 90,000 users simplify their daily business with Mamut.

5 Easy to trade in – easy to use

Mamut is easy to implement and use. Mamut has won several awards for its user-friendliness, keeping your training costs to a minimum.

6 We help you to upgrade your business

Change your current system to Mamut and we can help you to convert your existing customer/supplier/product information to Mamut.
